the polo destination of choice.

Experience Polo at Camino Real, the polo destination of choice

We are currently building the best five Star Polo and Equestrian facility in Argentina to meet the already high and constantly increasing demand from the international polo and lifestyle community.

Polo has always been regarded as “the sport of kings” and historically was a game that was played mainly by the military, royalty and the upper classes.

Because of the entry level costs of polo for decades it has remained an elitist pastime but not anymore. More and more people throughout the world are taking up equestrian based sports and the more and more of these are turning to polo.

Once bitten forever smitten

Argentina has for decades produced the very best polo players and polo ponies and they have dominated the world with other countries unable to compete with their polo prowess.

Therefore everyone in this rapidly growing sport aspires to have an Argentine connection and a place to visit annually in order to rub shoulders with and learn from the very best.

What do all polo players want?

To improve their game, it is not necessarily the case that polo players want to increase handicaps or play at a professional level. Some just want to improve certain aspects of their game.

Whatever your aspirations
Camino Real will help you
to realise them

What facilities are there at Camino Real?

POLO STRUCTURE On hand will be a full time International Polo Management Team providing structured tuition and training in line with the specific requirements of our guests:

- If your aspiration is to get better at polo then that is our aspiration as well.
- You can advise us of your needs in advance of your visit and we will work with you to devise a training program.
- If your aspiration is to play polo amongst like minded and equally matched players then this is what we will organise for you.
- We will be on hand to support you throughout your stay and ensure that you get the polo experience of a lifetime.

PLAYING SURFACES Our fields take pride of place within the development:

- Five full sized world class laser levelled polo fields built by the best in the business so that our guests can experience the best playing surfaces available.
- Fully maintained and tended to by professional Grounds men.
- Whilst play will inevitably stop when it rains it will resume half an hour after the rain stops.

Practice and play throughout your stay on some of the best available surfaces in the world.

POLO ACADEMY On site will be a fully specified academy comprising of both traditional and state of the art training aids:

- Make small changes to ensure much larger improvements.
- Use the same techniques as the polo elite but broken down in a manner conducive with your personal development.

- Using a blend of traditional and modern techniques.

We think that learning is about trying new techniques in a controlled and relaxed environment. Sometimes you need to understand your current technique in order to identify and implement areas of improvement.

Our academy will work on fitness and basic skills aimed at giving you the best foundation possible.

More experienced players will benefit from one to one tuition at the highest level.

EQUESTRIAN TRAINING CENTRE Our Equestrian training centre will create a controlled and more intimate environment where you will be taught horsemanship by the very best

- Do you want to learn how to break horses properly?
- Do you want to learn how to look after horses and be taught by some of the best grooms in the business?

Whatever you want to achieve Camino Real is the place to learn

STABLING AND LIVERY State of the art stabling, horse care and grooming facilities:

- Horse welfare is our priority and our horses experience the best of everything.
- We have more than 350 acres of free space, exercise areas and corralling.
- Our grooming academy will become a centre of excellence with all Grooms trained in accordance with our exacting standards for horse welfare.

On Camino Real the horse comes first.

HORSES Camino Real will be home to more than

200 thoroughbred polo ponies which are there for the use of our guests:

- All of our horses will be thoroughbred polo ponies with temperaments suited to riders of all abilities.
- Refreshingly our horses are not for sale.
- We can make introductions to fully certified breeders and will:
 - **Broker deals**
 - **Vet check**
 - **Warranty**
- Any horses acquired through introductions we make – this is a not for profit service extended to international guests.

In order to create a world class polo facility the horse has to come first and in designing Camino Real we have paid particular attention to the infrastructure and the way it supports the core purpose of the Country Club.

So what is the core purpose of the country club? Quite simply it is to provide its guests with a fantastic polo and lifestyle experience.

So where did we start?

The story of Polo at Camino Real

We started by understanding how many horses we would need to have liveried at any one time in order to fully support the polo activity and the vast range of abilities of our guests.

We created a communal livery facility that will comfortably support more than 200 thoroughbred polo ponies.

We also made the individual development plots large enough for guests to have private stabling facilities if required.

We then looked at the way that the horses would circulate around the development creating both a perimeter track that is never less than 40 metres wide, which means that the horses can be exercised freely around the 14km circumference of the Country Club.

We then looked at the main thoroughfares creating 30 metre wide tree lined avenues where the horse has centre stage and cars are relegated to the edges. Imagine a Gaucho leading eight thoroughbred polo ponies slowly up to polo fields along the two kilometer main avenue shaded by mature Jacaranda trees.

After this we looked at how we blend the residential elements of the development with the 350 acres of free space making it easy for horses, and their riders, to meander through the development.

We created shaded areas and plenty of watering zones to ensure that ponies arrive at their destination relaxed, watered, gently warmed up and ready to play.

Our focus is on horse care and safety and our mission is to create the perfect living, and working, environment for our ponies.

Livery Facilities

Our ponies are our pride and joy and are treated as such, without great ponies we wouldn't be in a position to offer our guests the very best polo experience.

So what do we have?

With seven stable blocks each, with a minimum of 20 stables, we can stable in excess of 140 horses.

Our stables represent some of the best horse care facilities you can find to ensure horses have optimum levels of space, shelter, shade and that temperatures can be regulated.

Each stable block has its own team of professional grooms, tack facilities, horse care, blacksmiths facilities and good quality groom accommodation.

Our onsite atelier provides bespoke leather goods for both horse and rider ensuring that comfort for both is optimised.

On site veterinary facilities and a strict horse welfare policy demonstrate our commitment to horses.

Equestrian Centre/polo training school

Located within easy reach of the stables and polo club house the equestrian centre has been designed with learning in mind.

As well as being a polo and lifestyle holiday venue Camino Real also has some very serious aspirations.

We want to cater for everyone's requirements which means, that we will be able to deliver the polo experience that YOU require.

We want to make the very best coaches, ponies, players and facilities accessible to the international polo community and we want to pass on some of the skills that have made Argentina the undisputed polo capital of the world.

Whatever your ambitions we will help you to achieve them.

Camino Real is destined to become a polo school of excellence where, if required, we will take polo and horse riding novices on an intensive journey helping them to achieve their full polo potential.

For the more experienced rider/player learn tips on how to school a pony, achieve its ultimate fitness and to keep a pony playing at the top of its game.

- We will offer structured training courses tailored to meet your requirements.
- Our guests will be trained by the very best polo coaches.
- Our safety standards will be second to none.
- You can visit our polo training school for one day, one month or one year.
